

HINT & TIPS

1. **Choose a good removal company** as it may cost more in damages and headache pills if a man with a white van is chosen.
2. **Do not leave it all to the last minute** book your quote about a month in advance even if the moving day is not yet confirmed.
3. **Use professional packers** who use tailor-made materials to avoid damage to property especially valuable and sentimental items.
4. **Plan the moving day** working out where items will go in your new home and ensure good access for a removal lorry by reserving space.
